

PROFESSIONAL SUMMARY

- **Angular Developer** with 5+ years of experience in developing Web Interfaces entailing coding, compiling, integration, packaging, and deployment of developed software using **HTML5, CSS3, Bootstrap, JavaScript, Angular 10, Ionic**, and Developer Tools.
- Known for timely completion of development assignments using Agile methodology through sound.
- Consumed RESTFUL web services using Angular HTTP Module and transformed the response using **RXJS & RXJS operators**.
- experienced in **Socket.IO** for real-time communication
- Fluent with core concepts of JavaScript & Typescript Like – Asynchronous Programming, ECMAScript 6 Standards.
- Elegant experience in using Git, GitLab, and installing Node packages using NPM.
- Ability to learn & develop using new technologies quickly.
- Good Analytical and Communication Skills, a Productive team player, and highly self-motivated.

EXPERIENCE

R4 ProgSolutions (sister company of ISG)
Software Engineer

Hyderabad, Telangana
August 2021 - Present

To build web applications using **Angular 10, Rxjs**, and using third-party modules.

PROJECTS

FORT MANAGER WEB-APP(client: [FortRobotics](#))

FORT MANGER WEB-APP is used to manage organization users and Devices, create different configurations between devices, and transfer devices from one organization to another organization.it is very useful to monitor devices logs and change user permissions based on organization requirements.

Features Implemented:

- **Devices module:** it is used to manage devices like add new and update existing devices, and filter devices list based on user actions, all functionality is done by using reactive manner(RXJS).
- **User Module:** it is used to manage org users.
- **Configuration Module:** we can create different configurations with available devices using the configuration module.
- **Transfer Module:** we can transfer available devices from one organization to another organization.
- **Handel client-side form validations.**
- Consumed RESTFUL web services using Angular HTTP Module and transformed the response using RXJS operators.
- Creating web pages using HTML, CSS, SCSS.

International Solutions Group, Inc
Software Engineer

Hyderabad, Telangana
October 2020 - July 2021

To build web applications using **Angular 10, Rxjs**, and using third-party modules.

PROJECTS

FORT MANAGER WEB-APP(client: [FortRobotics](#))

which project I have worked on in [R4 ProgSolutions](#), I have worked on the same project here.

Zapoj India Private Limited

Software Engineer

Vijayawada, Andhra Pradesh

February 2020 - October 2020

To build web applications using **Angular 6/7**, **Socket.IO**, **WebRTC**, and using third-party modules like **RTCMulticonnection**, **RecordRTC**.

PROJECTS

ZAPOJ WORKSPACES

ZAPOJ is a unified platform that aims to improve productivity and situational awareness in business communications. It allows employees to communicate & collaborate, works as a social contact center for customers, and helps manage critical events of any type all from one single platform.

Features Implemented:

- Video and audio calling using RTC Multi connection
- Screen Sharing
- Group chat using Socket.IO
- Record group and one-to-one calls using RecordRTC.
- Handel client-side form validations.
- Consumed RESTFUL web services using Angular HTTP Module and transformed the response using RXJS operators.

Pllc Software Solutions Pvt Ltd

Software Engineer

Rajahmundry, Andhra Pradesh

July 2017 - February 2020

To build hybrid applications using Ionic 3/4, Angular 6/7. Also, to build and deploy applications to the play store.

PROJECTS

IMMERSE GOLF

The project goal was to give online training for students on golf with various instructors via videos, helping the students improve their skills by video analysis from their instructors, other features like messaging, video call and social feed for the students to interact with one another, Merchandise for all users to help them buy the required products.

Features Implemented:

- **Ionic/Cordova plugins:** Google and Facebook login.
- **Video Editing:** Editing a video using HTML canvas.
- **Upload Files:** Upload files to the server using the ionic Camera plugin and File Transfer.
- Generate thumbnail from video using a video editor plugin.
- Handel client-side form validations.
- Consumed RESTFUL web services using Angular HTTP Module and transformed the response using RXJS operators.
- Play store link: <https://play.google.com/store/apps/details?id=com.immersegolf.main>

SWAARASYA

The project goal was to give pure ghee sweets to his online customers through mobile apps and websites.

Features Implemented:

- **Ionic/Cordova plugins:** Google and Facebook login.
- **Upload Files:** Upload files to the server using the ionic Camera plugin and File Transfer.
- Handel client-side form validations.
- Consumed RESTFUL web services using Angular HTTP Module and transformed the response using RXJS operators.

TATOMITHO

The project goal is to create a mobile and web platform to order food from nearby restaurants and facilitate table reservations in Nepal. This has a complete workflow of order management which includes roles for users, delivery personnel, and restaurant owners.

Features Implemented:

- **Ionic/Cordova plugins:** Google and Facebook login, Google Maps, Launch Navigator.
- **Google's Location Services:** Integrating Google's location services to identify the device location, Google direction services to show route map
- Handel client-side form validations.
- Consumed RESTFUL web services using Angular HTTP Module and transformed the response using RXJS operators.
- **Play store link:** <https://play.google.com/store/apps/details?id=com.tatomitho.app>

SKILLS

- **Frameworks:** Angular2/4/5/6+, Ionic 3.
- **Web Technologies:** JavaScript, TypeScript, Bootstrap, HTML, CSS, SCSS
- **Real-Time Communication:** RTCMulticonnection, Socket.IO.
- **Operating Systems:** Windows and Linux.

EDUCATION

GIET(Godavari Institute of Engineering and Technology)
MCA

Rajahmundry, Andhra Pradesh
Graduated June 2016

S.K.V.T Degree College
Bachelor of Science

Rajahmundry, Andhra Pradesh
Graduated June 2013
