WORK EXPERIENCE

Mar 2021 – Mar 2022

Web Designer

Simublade Technology Pvt. Ltd. – Noida, India

- Designed websites, portals, and large-scale web applications for multiple clients.
- Mastered web designs from conception to completion and handled graphic design, artwork and digital application.
- Coded specialized sites for customers requiring particular aspects of interactivity and performance.
- Addressed user interface issues reported by site visitors, creating remedial measures to smooth interaction and correct weaknesses.
- The project involves the sale of used automobile engines in the US market. This Website provides information about which automobile engines are available for sale and getting quotations as leads through the website.

Sep 2020 – Feb 2021

UI/UX Designer

Master Software Solution – Chandigarh, India

- Designed and maintained the online grocery store's website.
- Designed a Landing Page to show the Categories sections along with app design development for the same.
- Generated UX concepts such as tasks analysis, storyboards and use cases to accelerate user flow.
- Converted PSD mockups into pure hand-written HTML and CSS pages.
- Reviewed solutions to verify alignment with customer objectives, organization guidelines and benchmarks and industry best practices.
- Redesigned and implemented complete web applications to meet web and industry standards.
- Developed custom web application interfaces with HTML and CSS to meet business requirements.

Feb 2020 – Sep 2020

Software Engineer

Talenta Pvt. Ltd. – Hyderabad, India

- Project: TellDigital.IO
- The software provides Air-Quality Information that's received from IOT Devices placed different locations.
- Implemented Bootstrap 4 for a Responsive Design and UI to represent the air Quality Information.
- Implemented Media Queries for each Mobile and web based IOS and Android Screen Devices.
- Planned concepts by orchestrating and implementing designs to streamline interface operations.
